

TED-(EEG-fNIRS)-MC3 Dataset License Agreement

By signing this document, the user who will make use of the **TED-(EEG-fNIRS)-MC3 dataset** agrees to the following terms and conditions.

1. Commercial Use

The user may use the **TED-(EEG-fNIRS)-MC3 dataset** only for **academic and non-commercial research purposes**.

The user may not use the dataset, either in whole or in part, for any commercial purposes. Commercial purposes include, but are not limited to:

- training, developing, evaluating, or demonstrating the performance of commercial systems or products;
- selling, licensing, sublicensing, or otherwise commercially distributing data derived from the dataset;
- using the dataset in commercial services or applications; and
- developing military or defense-related applications.

Any commercial use of the dataset requires separate written authorization from the **TED-(EEG-fNIRS)-MC3 dataset administrators**.

2. Distribution

The user may not distribute, share, transfer, publish, upload, or otherwise provide the **TED-(EEG-fNIRS)-MC3 dataset**, or any substantial portion thereof, to any third party.

Small portions of the data may be presented exclusively for the purpose of illustrating or clarifying results in academic publications, conference presentations, theses, dissertations, or other scholarly communications, provided that such disclosure does not enable reconstruction of the dataset or identification of individual participants.

Users who wish to provide access to other researchers must direct them to apply for access independently through the official dataset application procedure.

3. Access

The user may access and use the **TED-(EEG-fNIRS)-MC3 dataset** only after this License Agreement has been completed, signed, and submitted to the dataset administrators through the designated application channel.

Access to the dataset will be granted only after the application has been reviewed and approved.

The user may not share personal download links, access credentials, accounts, passwords, or other means of accessing the dataset with any other individual or organization.

Access permission is granted only to the approved applicant and research group specified in the application.

4. Changes

The **TED-(EEG-fNIRS)-MC3 dataset administrators** reserve the right to modify or update this License Agreement at any time.

Continued use of the dataset after notification of such changes constitutes acceptance of the revised terms.

5. Warranty and Liability

The **TED-(EEG-fNIRS)-MC3 dataset** is provided “**as is**”, without any express or implied warranty regarding its accuracy, completeness, reliability, fitness for a particular purpose, or suitability for any specific research application.

The dataset administrators and participating institutions shall not be held responsible or liable for any physical, financial, technical, scientific, or other damages arising directly or indirectly from the use of the dataset.

Users are solely responsible for the analyses, interpretations, conclusions, and applications derived from the dataset.

6. Citations

If the **TED-(EEG-fNIRS)-MC3 dataset** is used in any publication, presentation, thesis, dissertation, report, or other academic output, the user must appropriately acknowledge the dataset and cite the following publication:

TED-(EEG-fNIRS)-MC3:

[1] X. Si, S. Zhang, Z. Yang, *et al.*, “A bidirectional cross-modal transformer representation learning model for EEG-fNIRS multimodal affective BCI,” *Expert Systems with Applications*, vol. 266, Art. no. 126081, 2025.

Additional citation requirements may be specified by the dataset administrators when access is granted.

7. Personal Information

The following information should be provided by the **principal investigator, project leader, faculty member, or other person responsible for the research project**. For student applications, the information of the student’s supervisor or principal investigator should normally be provided.

Name: _____

Position/Title: _____

Department / Major: _____

Institution: _____

Country/Region: _____

Contact Email: _____

Dataset: TED-(EEG-fNIRS)-MC3

By signing below, I confirm that I have read and understood this License Agreement and agree to comply with all of the terms stated above.

Name: _____

Date: _____

Signature: _____
